Cultivar List \$2.00

March 2007

Our 2007 Collection of Daylilies – Presented to you with Pride.

This years selection is a little smaller than previous years, but these are the best performing daylilies in existence for Canadian Gardens, and there is something for everyone's taste. Doubles, Spiders, UFO's, Colours & Size ranges.

Best Value plants for 2007 will be our overwintered Container Grown daylilies. If you are able to pick up your order, these 2 & 3 gallon containers will transplant during April, May and June with absolutely no fuss, and are guaranteed to bloom this year. If you would like to visit us during Bloom Season we will have containers in full bloom that can be planted with just a little extra care.

Our plants provide

Spectacular Bloom & Outstanding Performance !

Bareroot Mailorders will be shipped starting the beginning of May and we will ship as late as September. Plants are always committed, and shipping priority given on a first paid for basis.

We have many cultivars in quantities too limited to list in this catalog. Archived Catalogues can be downloaded from our website, and most cultivars listed in the past few years may still be available in limited #'s. Watch our Website for spring and summer updates to our availability list, as we proceed through this years inventory.

Watch our website for some incredible Hosta cultivars that will be available starting in April.

Arcadian Daylilies is Canada's best mailorder source for Daylilies.

Our focus is to provide the finest selection and highest quality Bare Root and Container Grown Daylilies possible. We are not a retail operation and do not keep regular hours. We are happy to have garden visitors and customers are welcome to pickup orders by appointment. Just phone or email so that we may find a mutually convenient time.

Hybridized in the Gardens of Jeff & Jackie Pryor, Clinton Tennessee, where winter sees little snowcover and repeated freeze/thaws, SK is one tough northern hardy Daylily. Big robust tetraploid foliage is notable for its rich green and blemish free nature. The budcount, branching, and long weeks of mid-late season bloom is what makes this cultivar stand out in the garden.

black red self with green throat **\$18.00**

Moonlit Masquerade (Salter J. 1992) HM'99 AM'02
Recipient of the **Stout Silver Medal for 2004**
Semi Ev 26" 5.5" EM Reblooms Tetraploid
This is a fabulous must have cultivar. Pale cream with dark purple eyezone and slight edge above a green throat. Puts up rebloom scape before the initial bloom is finished, and blooms sporadically into September. Fabulous blemish free foliage lasts into December, still looking great. We grow both field grown (never from tissue culture) and Dutch source plants that we supply to Garden Centres. We have been so impressed with the wholesale plants (absolutely indistinguishable in rebloom, bloom colour, size and prolific ness, & foliage quality) that we offer them here at a significant savings
Field grown **\$18.00** Dutch source **\$11.00**

Nina Winegar (Betchold 1950) **\$11.00**
Dormant 33" 6" M Diploid
Spider Variant registered with 4.5:1 ratio, pale yellow

Nutmeg Elf (McCabe 1978) **\$11.00**
Dormant 18" 3" EM Diploid
Delightful miniature Spider Variant 4.6:1 ratio, Golden yellow self

Open Hearth (Lambert 1976) HM '83 **\$12.00**
Dormant 26" 9" M Diploid
Bright and showy red with yellow throat & well separated segments. Sometimes blooms open flat other times pinched. 1st choice for drawing attention to itself.

Orchid Corsage (Saxton 1975) HM'91 **\$12.00**
Dormant 32" 7.5" M Reblooms Diploid
Pink cascade form. A simple understated elegance that often draws sighs of appreciation. Fragrant

Outrageous (Stevens D. 1978) HM'87 **\$15.00**
Dormant 22" 4.5" M Tetraploid
light burnt orange with mahogany red eyezone and throat

Parfait (Childs 1951) **\$12.00**
Dormant 48" 6" M Diaploid
Tall Pale Yellow and Bronze Bicolour Spider

Peggy Jeffcoat (Joiner J 1995)
HM'98, AM'2001, IMA'2001 **\$29.00**
Dormant 18" 6.5" M Reblooms Diploid
A favorite of ours combining exquisite beauty and great performance PJ received both the Award of Merit & the coveted Ida Munson Award for best **Double** in 2001, only 6 years after introduction. PJ was again a runner up for the Stout Silver Medal for 2005. Huge blooms sitting just atop the foliage this is an absolutely stunning double, pale cream/near white polychrome diamond dusted infused with pink. An absolute first choice.

Prague Spring (Lambert 1985) **\$10.00**
Dormant 7" 30" M Diploid
Pink and green blend with pistachio green throat. UFO
A wonderful soft & bright pastel providing interesting form

Prestor John (Allgood 1971) Ida Munson Award 1976
Dormant 26" 5" EM Reblooms Diploid **\$11.00**
once mature this hose in hose double puts on an incredible performance. Bloom starts middle of June and continues until the first week of August then reblooms in Sept & Oct. Established clumps have more petals and ruffling. Highly recommended fragrant, clear golden yellow

Purity (Traub 1949) **\$10.00**
Dormant 3.5" 45" ML Diploid
Purity is currently the tallest daylily we are able to offer for sale. Registered as 45" in height is does bloom as tall as 6 feet for us. Well branched with up to 3' between the lowest and highest blooms. Fragrant

Respighi (Munson 1986) AM'96, HM'93 **\$15.00**
Evergreen 20" 6" EM Reblooms Tetraploid
Triangular Purple Black with lavender/silver watermark and golden heart. An exceptional Munson purple.

Satin Bird (Childs 1982) **\$25.00**
Dormant 28" 6" M Reblooms Diploid
Violet and blue purple reverse bitone with green throat. Sibling of Trahlyta, we think SB is far more beautiful.

Satin Glass (Fay 1960) AM'65, Stout'68, LAA'71
Dormant 34" 4.5" M Diploid **\$11.00**
Delicate Peachy Cream/yellow polychrome

Shades of Darkness (Benz 1992) **\$14.00**
Dormant 28" 5" M Tetraploid
black red self with strong green throat. A robust tet with great foliage – an excellent garden presence. Fragrant

Showbiz Kid (Jeff Pryor 2002) **\$49.00**
Dormant 36" 5.5" M Reblooms Tetraploid
Incredible 4 & 5 way branching, 38+ buds, a bud builder. Yellow gold with a bold maroon eye and edge. Often has two or more blooms open at a time. The substance is heavy, yet the flowers never fail to open fully. Spectacular as a display clump.

South Seas (Moldovan 1993) HM'98 **\$18.00**
Dormant 21" 6" M Tetraploid
Searing hot coral with darker band, apparently hard to photograph, our pictures have never done it justice, garden visitors constantly exclaim how bold and loud it is

Spiral Charmer (Dickson/Crandall 1985) **\$19.00**
Semi Ev 36" 6.5" M Diploid
cream spider with pink overlay and yellow green throat

Strawberry Candy (Stamile 1989) SSM 1998
Semi Ev 26" 4.25" EM Reblooms Tetraploid
Strawberry pink blend with rose red eyezone and golden green throat. Excellent rebloomer. Very showy and consistently very highly placed in popularity polls.

Field grown \$16.00
Dutch source \$11.00

Strutter's Ball (Moldovan 1984) AM'92 \$10.00
Dormant 28" 6" M Tetraploid

Tylwyth Teg (Whitacre 1988) \$10.00
Semi Ev 40" 8" M Diploid
What a beautiful pale cream, rainbow polychrome spider!
Lavender midribs and pale gold throat make this an exquisitely interesting near white spider. Registered ratio of 5.6:1 consistently very narrow petaled. Choice

White Temptation (Sellers 1978) HM'82, AM'85
Semi Ev 32" 5" M Diploid \$10.00
One of the best Near White's, Green Throat, Nocturnal
We have found WT to be one of the really fine daylilies for simple beauty. Nice form, lightly ruffled, clear colour

Wineberry Candy (Stamile 1990) AM'97, HM'94
Semi Ev 22" 4.75" EM Tetraploid \$16.00
orchid with purple eyezone and green throat. Fragrant

Word of Honor (Joiner 2003) \$65.00
Evergreen 28" 5.5" ML Reblooms Tetraploid
From Enman Joiner's line of Tulip Shaped doubles, WOH usually holds the cup shape of the outer petals and sepals until late in the day. Occasionally the sepals will fold down while the petals remain upright enclosing the intensely ruffled center petaloids. A dusky wild rose, the

colour becomes a little more dusky as the day progresses. Foliage is big and blemish free – we actually consider it to be some of the best looking early spring and late season foliage in the garden. Bloom starts in our gardens the last week of July and continues until mid September.

Shipping Policy

Mailorders are shipped by Canada Post Expedited Parcel on Mondays and Tuesdays so that they will not spend the weekend in the post office. Most orders within Ontario and Quebec are delivered in one or two days and to other provinces usually 3 or 4 days.

Shipping and Handling for Ontario and Quebec is a flat rate of \$10.00 per mailorder and for the rest of Canada \$14.00. Upgrading to Xpresspost delivery is available at additional cost – please enquire for details.

We try extremely hard to meet your delivery requests and the vast majority of orders are shipped at the time requested. Shipping priority is given on a First-Paid-For-Basis, which simply means that early season orders will be given preferential scheduling over later season orders. Our month of May is very hectic with family and friends working hard to get as many orders out as quickly as possible. Orders received in May will probably not ship until June because of the backlog that exists at that time of year. By the middle of June we have usually caught up and Orders received after that can often be shipped within a couple days.

If you provide an email address with your order we will confirm shipping date, and notify you with a tracking number when your plants have left. If there are dates that we should not ship let us know and we will accommodate them.

Pickups of container grown plants take far less of our time and can often be arranged on short notice. Phone or email to arrange to pick up plants.

Garden Visitors

Garden Visits are by appointment only. While we are happy to have visitors to the garden, we are not set up as a retail outlet and do not accommodate unannounced visitors. Plant Pickups can be arranged at our home garden (central Toronto) or at our Etobicoke garden.
